**REPORT OF WORKSHOP ON DAAN UTSAV**

On August 22, 2024, at 2:00 PM, a workshop was conducted by NSS Centre at Gandhi Bhawan, University of Delhi to introduce and explain the concept of DaanUtsav. The workshop began with a fun icebreaker, where students participated in a treasure hunt challenge within groups, allowing them to gel and mingle with one another. This engaging start set a positive tone for the session. The workshop aimed to engage students from various colleges under Delhi University, encouraging them to actively participate in DaanUtsav celebrations and contribute to their communities through volunteering. The event was well-attended, with 90 volunteers from 40 different colleges participating, reflecting the widespread interest in community service among the students. The agenda included an overview of DaanUtsav, its origins, and its significance in fostering a culture of giving and volunteering across India. The students were presented with various activities they could organize or participate in during DaanUtsav. Dr. Narender Kumar Bishnoi, Programme Coordinator, NSS also encouraged students to document their celebration through videos and one-page reports. During the session, students shared details about the programs they run in their respective colleges and discussed unique campaigns, such as hosting inter-departmental competitions, engaging dance and theatre societies, organizing the Dost Banana campaign (a banana collection and distribution initiative), involving children from the schools they work with in acts of giving, and taking actions to make students with disabilities feel included. The workshop effectively raised awareness about DaanUtsav and provided students with the knowledge and resources needed to plan and execute impactful activities. It also fostered collaboration among students from different colleges, with a strong commitment to participating in the NSS DaanUtsav Impact Challenge. The unique initiatives shared by the students will significantly contribute to the impact of DaanUtsav this year.
