Voting is one of the most essential practices for the functioning of a sound government. The right to vote comes with the same responsibility to choose a great leader to run the government. It is true that the essence of a democracy comes from the free choices that come with the right to choose the government. For the advancement of electoral practices in the country, vital roles are to be played by the government as well as by the citizens. Elections form the basis of democracy. It allows people to get a fair chance to work for their country and make an impact towards the betterment of the country. It also plays an important role in instilling a sense of oneness by negating all aspects of caste, color, creed, sex, religion, or more. More importantly, the bigger responsibility falls on the shoulders of citizens to choose the right candidate that can help empower the democracy. To promote fair elections, the NSS unit of Law Centre-1, Faculty of Law at the University of Delhi has now launched the ELC (Electoral Literacy Club), which will work for the advancement of electoral practices for college students and the youth of the country on October 26, 2023.

It was an honor for the NSS unit of the Faculty of Law, University of Delhi, that we had with us Prof. Ujjwal Kumar Singh, Senior Professor, Department of Political Science, University of Delhi, to speak on the advancement of electoral practices in the country.

Prof. (Dr.) Anju Vali Tikoo, Dean, Faculty of Law and Professor-in-Charge, Law Centre-1, and our NSS Program Officer and Assistant Professor, Dr. Parveen, were also present and encouraged the students. The students enjoyed participating in the event and are ready to be a part of fair, clean, and smart electoral practices. The event promoted the importance of voting rights and fair use of voting to elect a responsible candidate to run the government, which will ultimately ensure that the country will grow multifold and people will have better lives in a democratic setup.

NSS volunteers coordinated the event and showed immense joy today to learn about the EVMs, governments, district election officers, and all the officials that make the elections in the country a success. The NSS Unit of Law Centre-1, University of Delhi, showed unfazed support for the commitments towards the awareness of the elections in the country, showed their willingness to participate for the betterment of the electoral practices in the country, and learned the importance of fair and clean electoral practices.
